

Yarris Training

Feeling lost and overwhelmed on what to do when you access our system?

Have you been given little or no training to complete certain tasks?

Look no further!

Whether you are a new or existing user to the system, Yarris can certainly assist you in all aspects of your training needs.

All of our training courses [ranging from Basic, Advanced or Refresher] can be customised to the specific requirements and workflow of your organisation.

The outcomes, content and duration can also be tailored to your needs.

Objective

Our objective is for you to establish specific skill sets and knowledge to perform your role efficiently and effectively.

We also want you to develop confidence in knowing where to navigate to process your orders and invoices through the system.

You may also pick up some handy hints & tips along the way!

What to expect in our training session(s)?

- To be taken through the system in depth and into what your system specific responsibilities are as a Customer and/or Supplier.
- The opportunity to be part of an interactive and hands on training session that is open for discussion at any stage should you require further clarification or assistance
- To be given a training pack which includes Quick Reference Guides and helpful knowledge articles
- To bring in your questions and take away the answers!

Book a training session with us today!

If you are interested in booking a training session with one of our experienced training officers, please contact one of our helpful consultants on [1300 927 747](tel:1300927747) or our sales team via email yarris.sales@yarris.com

Please note:

Our training sessions can be delivered in-house (Melbourne based), or can be arranged via a Webinar Online Meeting ["GoTo Meeting"].
